This training will build awareness of the threat Agroterrorism places on our food supply, the economy, and the agricultural infrastructure.

Space is limited, so early reservations are recommended.

COURSE WILL COVER

- Potential impacts of agroterrorism
- Recognition of response and recovery resources
- Response & coordination strategies for local, state, federal and private entities
- Identification of individual roles within a local response team

SUGGESTED ATTENDEES

- Emergency responders, supervisors and managers; law enforcement officers, fire/rescue, EMS & DES
- Federal, state and local animal health and public health agencies
- Hospital clinicians, administrators, health care providers
- Environmental health and public information officers
- Agriculture industries, including cultivation, processing, distribution, storage, transportation and veterinarians
- Elected or appointed public officials, and extension advisors

United States Department of Homeland Security does not allow non-citizens to take this course
